Travel & Tour

(Voyage Vibes) Logo Idea

The Voyage Vibes logo is designed to represent both movement and safety, encapsulating the essence of travel. It combines the shape of an airplane with the letter 'V', which serves a dual purpose: representing the initials of both 'Voyage' and 'Vibes,' and symbolizing a secure destination. The airplane entering the 'V' suggests a smooth, guided journey, reinforcing the brand's promise of safe and enjoyable travel experiences.
